

PHOTO IDENTIFIES ALLEGED ROBBER OF APARTMENTS

Police Gallery Aids in
Arrest of Suspected
'Gimlet' Thief.

Recognized on the street from a photograph, Oscar R. Slack, said to live at 1241 Tenth street northwest, was arrested yesterday by Detectives King and Walsh in connection with several apartment house robberies. Slack has confessed to six robberies, police say. Slack operated, according to the police, with an auger or 'gimlet' getting into apartment houses. It was only a week ago that he is said to have been seen trying to get into an apartment and his identity was revealed by means of a photograph in the police gallery. Detectives King and Walsh were walking near Seventh and D streets northwest, when they were attracted to Slack by his resemblance to the photograph in their possession. He was placed under arrest. Slack is said by the police to have admitted entering the apartments of Mrs. Jane Comber, 1600 Q street northwest; John D. Nolan, 1433 T street northwest; E. B. Berry, 1733 Columbia road; George M. Ray, 1919 Nineteenth street northwest; Mary F. Procter, 2415 Twentieth street northwest; and William C. Wood, of the Wilson apartment, Fourteenth and Girard streets northwest. Detectives Kelly and Scrivener recovered several pieces of jewelry in Baltimore, alleged to have been taken from apartments by Slack. Other articles of jewelry have been recovered here.

Says Police Made Him Give \$4,200 Bond for His Car

J. H. Deering, of 1111 F street northwest, well-known coach of the Columbia University basketball team, says he will today protest to Commissioner Oyster against the action of the police in demanding a bond of \$4,200 for the recovery of the machine, while the man who is accused of the theft of the auto was released on a \$500 bond. While parked on H street, between Fourteenth and Fifteenth streets northwest, last Friday night the car was stolen, Deering declares. About 5 o'clock the next morning the car was recovered by police while being driven by Wilson Bruce, 2116 E street northwest. Bruce, according to Deering, placed the blame on Max Smith, who jumped from the car and escaped. Bruce was released on a \$500 bond, but Deering, who was compelled to furnish a bond of \$4,200 before he could obtain his machine.

GREEKS ADVANCE DESPITE TURKISH COUNTER ATTACKS

The Greek armies operating against the Turks in Asia Minor are continuing a slow but steady advance, in a series of bloody battles. According to cables from Athens, received by the Greek legation here yesterday, the Turkish armies, reinforced by veteran Cilician divisions, are putting up the most desperate resistance to the Greek advance.

The great battle of the Sengarios, which started on August 22, can be considered as having ended September 7, when the Turkish armies retreated in an easterly and northerly direction from Paktuli, Tchal, Mount Ardis, Mount Hicussie, according to a communiqué issued by the Greek legation yesterday. "Our troops advance slowly but surely," continues the report. "The enemy launched violent counter attacks, repeated so as to crush our center, but these are being repulsed with great losses. Our left advances slowly because of the obstinate resistance of the enemy. On the 1st and 2d of September, after superhuman efforts, we captured the mountainous lines of Ardis and Echaldag. Our front is pushed on the northern line of the crest up to the south of Temakuz. The enemy has suffered heavy losses and retired in disorder. At Ardis we captured an enemy battalion with officers and artillery. However, the enemy retreats obstinately near Karsaiki."

**ACCUSE DRIVER
OF HAULING RUM**
Henry Thomas, colored, 42 years old, of Hatton, Va., was arrested yesterday on charges of illegal possession and transporting liquor in a wagon. He is being held at the Eighth precinct police station under \$2,000 bond.

Police declare they found three quarts of corn whiskey under the front seat of Thomas' wagon.

RHEUMATISM LEAVES YOU FOREVER
Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System Within Twenty-four Hours.
Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenburys the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, he will gladly return your money without comment.
Allenburys has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.
Mr. James H. Allen, the discoverer of Allenburys, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenburys definitely conquers the worst of all diseases, and he has constructed Peoples Drug Stores to guarantee it in every instance.—Adv.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none of them did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6824 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of those fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound, after it had been decided an operation was necessary:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep house and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. R. SHARON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only resource, but most of the common ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.
